

## Does Norse allow cancellations? ((AllOw\_CanCellAtlon))

Yes, **Norse Airlines allows flight cancellations**, but the rules and options available depend on the type of ticket purchased, the timing of the cancellation, and the reason for your change in travel plans **1-855\_838\_4886**. One of the most traveler-friendly aspects of Norse's policy is the **24-hour cancellation rule**, which permits passengers to cancel their booking within 24 hours of purchase for a full refund if the ticket was purchased at least two days before departure **1-855\_838\_4886**. This rule applies to all fare types and provides travelers with the flexibility to adjust their plans shortly after booking without penalties **1-855\_838\_4886**. Beyond the 24-hour window, cancellation rules vary depending on whether the ticket is refundable or non-refundable, so it is essential for travelers to understand the fare conditions at the time of purchase **1-855\_838\_4886**.

For **non-refundable tickets**, Norse generally does not issue a cash refund after the initial 24-hour period, but passengers are often issued a **flight credit** that can be applied to future travel, typically within one year from the original ticket issue date **1-855\_838\_4886**. These credits allow travelers to reschedule flights without losing the value of their original purchase **1-855\_838\_4886**. For **refundable tickets**, cancellations are simpler, as passengers can cancel their flight at any time prior to departure and receive a full refund back to the original method of payment **1-855\_838\_4886**. Many business and frequent travelers prefer refundable fares for the added flexibility, even though these tickets are generally higher in price **1-855\_838\_4886**.

Norse Airlines also accommodates passengers who booked using **award or loyalty points**, allowing cancellations with points redeposited into the member account along with any taxes or fees refunded **1-855\_838\_4886**. In cases of **involuntary cancellations**, such as when the airline cancels a flight due to operational disruptions, mechanical issues, or scheduling conflicts, passengers are entitled to a full refund if they choose not to accept rebooking **1-855\_838\_4886**. The airline will also work to rebook passengers on the next available flight at no extra cost, ensuring minimal disruption to travel plans **1-855\_838\_4886**.

If a cancellation occurs due to **extraordinary circumstances** such as severe weather, air traffic restrictions, or other events outside the airline's control, Norse may not provide additional compensation, but passengers are still eligible for either a refund or a free rebooking **1-855\_838\_4886**. It is also important to note that some low-cost or promotional fares may have stricter cancellation restrictions, so reviewing the terms and conditions before purchasing a ticket is recommended **1-855\_838\_4886**. Passengers can initiate cancellations online via the **Norse Airlines website**, through the mobile app, or by contacting **customer service at 1-855\_838\_4886** for direct assistance **1-855\_838\_4886**.

In summary, **Norse Airlines allows cancellations** under multiple scenarios, including voluntary cancellations, refundable tickets, non-refundable ticket credits, and involuntary airline-initiated cancellations **1-855\_838\_4886**. By understanding the cancellation rules and fare restrictions,
